1 coding question from Arrays

2 algorithm questions from dynamic programming

Round 2: It consists of 2 Panels

Technical Round:

Questions from OOPs, SQL queries, Competitive programming question, Projects done that were not for college, Tech Stack.

HR:

The HR round was very casual as compared to other rounds. They are just trying to get to know more about yourself

Tell me about yourself.

How will your friends describe your character?

Tell about your intern experience.

What will you do if we reject you?

Topics to be focussed:

- ◆ Data structures
- ◆ Database management systems
- ◆ Operating system

Take away:

Having a good knowledge of basics, coding and confidence will help to be placed in this company.

Hope this helps.

Thank you and All the Best.
