

Aspire Systems

Aspire Systems is a global technology services firm serving as a trusted technology partner for our customers. They work with some of the world's most innovative enterprises and independent software vendors, helping them leverage technology and outsourcing in our specific areas of expertise. Their services include Product Engineering, Enterprise Solutions, Independent Testing Services and IT Infrastructure Support services.

Number of Rounds:

Round 1: Aptitude(Quantitative and technical)

Quantitative: 25 Questions

Topics to be focussed: Ratio, Age, Time and distance, Find missing number in a series, Simple interest and compound interest.

Technical: 10 Questions

You have to choose the correct output for the given code snippet(MCQ)

Round 2:

Technical round 1:

1. Purpose of OOPS
2. Define abstraction
3. Explain interface in C++
4. Print the first recurring character in a string

INPUT: Engineering

OUTPUT: n

5. Reverse the given sentence (Condition: Using whitespace)

INPUT: I am a King

OUTPUT: King a am I

6. Given an array with repeated elements, the task is to find the maximum distance between two occurrences of an element.

INPUT: [1 1 2 2 2 1] , [3 2 1 2 1 4 5 8 6 7 4 2];

OUTPUT: 5,10

7. What do you know about Normalization
8. DBMS queries

Technical round 2:

1. Print 0 to 50 without using loop
2. Split the given array using K (split variable)

INPUT: array = 9, 8, 5, 4, 2, 3, 6, 5, 10, 7, 7, 1, 3, 6; split = 3

OUTPUT: 9,4,6,7,3

8,2,5,7,6

5,3,10,1

3. Given two arrays find the element whose sum is odd

HR round:

The HR round was very casual as compared to other rounds. They are just trying to get to know more about yourself

1. Introduce Yourself
2. Why Aspire System
3. Lots of questions about strength, hobbies and family details

These were questions asked me in the Interview(about 30 mins).

Topics to be focussed:

- OOPS
- DBMS
- STL in C++

Take away:

Having a good knowledge of basics, coding and confidence will help to be placed in this company.

Hope this helps.

Thank you and All the best.
