

Interview Experience

Name : Hrithik K

Reg. no : 2018115038

Company : Chronus

Month & Year : SEP 2021

Round 1 : (Online test)

10 aptitude questions, 3 coding questions

Around 10 students were selected for the interviews.

Round 2 : (Technical interview)

1) Buy and sell stocks

Given an array of stock prices for any number of days. Buy stock in a day and sell in another day, with some transaction cost, return the maximum profit with any number of transactions.

2) Select a seat in a theater

Given an array of a row in a theater consisting of 0's and 1's, 0 denoting empty seats and 1 denoting filled seat. Select an empty seat in the array, where the nearest filled seat in the left and right direction is at the maximum distance.

Round 3 : (Technical and HR interview)

Coding :-

1) Given an array of integers and an integer k denoting the window size. Return the maximum sum with integers consisting of k consecutive numbers.

2) Given an array of integers, return the smallest number that cannot be represented as the sum of elements of any subsequence of the given set.
