

Name : Athiraj Selvarajan
Company : CITI
Placement : Intern converted FTE (PPO)

Rounds : Online, Technical, HR

Experience:

1. Online Round :

- MCQs that covers math problems, logical and reasoning, passage comprehension, basic communication tests
- Two programs : one from arrays and one from DP

2. Technical Round:

- Have a brief self introduction. Don't forget to include your currently working project and skills in the intro.
- Questions will be from your resume and your self introduction.
- Puzzles and riddles will be asked.
- One Program question was asked : Related to stack data structures.
- Many questions were from DBMS (Reason : I mentioned DBMS as my strength in my intro)
- Only pen and paper.

3. HR

- Basic personal questions
- Company related questions

Learn basic OOPS, DSA and DBMS. Also concentrate on system design.

Be confident in your approach towards all the questions. Make sure you don't mention too much in your resume. Be crisp and present yourself well.
