Round 1: Aptitude, logical, 2 coding questions

Coding questions asked - finding GCD of array

Round 2: Technical interview (Panel of two)

Questions asked:

Introduce yourself

Asked about the projects I did. (Asked some questions from my project)

Real time examples of Polymorphism

Asked a puzzle to solve – 15 rupee given, a chocolate per rupee and he/she can get a chocolate by giving 3 wrappers- how much chocolate he/she can get? ---- asked to write pseudo code for that

Why Citi?

Plans for higher education?

Can you learn new technologies since it gonna be totally different from what you learnt?

Which area I would like to work?

Round 3: HR

Introduce about yourself.

Asked about the project.

How would you describe yourself in two words?

What others think of you?

How well you work in a team?

Topics to be focussed:

- ◆ Data structures
- ◆ Database management systems
- ◆ Operating system

Hope this helps.

Thank you and All the Best.
